

**WE
GOT
YOU**

**Tracker takes care
of you and your
loved ones at home,
on roads and in life.**

WE GOT YOU.

We design our innovative products and smart services with one goal in mind; to safeguard and support you at home, on roads and in life.

From protecting your loved ones, running your business smoothly, or tracking and taking care of your car, you can always trust Tracker to make your life a little easier and a lot more stress-free.

Tracker CarePulse

TRACKER CAREPULSE - Always there for you

Introducing Tracker CarePulse – our new premium safety service that combines the best of Tracker Care and Tracker CareGuard to ensure you're always protected, on the road, at home and in life.

With Tracker CarePulse, help is just a push of a button away. On the road, activate roadside assistance or roadside medical emergency response instantly via the Tracker Connect Mobile App. When you can't fend for yourself in the event of a severe accident, Impact Detection will alert us and we will dispatch Accident Assistance to your exact location.

The Tracker CareGuard App offers immediate access to our nationwide network of over 3,000 armed responders and medical personnel, for rapid assistance when you need it most. With Tracker CarePulse, we're always there for you, wherever you are.

To download the Tracker Connect Mobile App, please see page 19.

Tracker Care

TRACKER CARE - Always by your side

Tracker Care is so personalised, it's inspired by the care you take in looking after yourself and your loved ones.

The Tracker Connect Mobile App has a convenient assist button that can be quickly activated in a roadside or medical emergency. You can easily share your journey with family and friends.

Tracker Care's benefits include Zones Management and an In-App Car Guard with an optional auto-arm feature, that notifies you if your vehicle moves from its digitally-locked position. You will always know that your vehicle and the people in it are safe and sound. In addition, impact detection technology alerts us of any accident. Even if you are unable to respond to us yourself, help will be sent to you and your loved ones.

Tracker Care is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Protect

TRACKER PROTECT - Always in control

Looking for a little more peace of mind on the road?

Tracker Protect allows you to track and monitor your vehicle anywhere within South Africa's borders. You are also able to set Standard Risk Notifications like main battery disconnect, border proximity and high-risk areas.

You have the added advantage of an In-App Car Guard, with an optional auto-arm feature, that notifies you if your vehicle moves from its digitally-locked position. This early notification system saves valuable time in a theft emergency.

In addition, Tracker Protect gives you convenient Licence Reminders and even a Trip Logbook for tax purposes. Tracker Protect is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Recover

TRACKER RECOVER - Always in the know

Tracker Recover allows you to monitor your vehicle's location via the Tracker Connect Mobile App. It includes rapid response Theft Retrieval.

In case of theft, one call to our National Emergency Control Centre will allow us to track and recover your vehicle anywhere within South Africa's borders. Alternatively, you can report your stolen vehicle swiftly via a slider on your smartphone application.

Additional features like a Trip Logbook, Licence Reminders and more help keep you on the road.

Tracker Recover is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Response

TRACKER RESPONSE - Always there for you

Tracker Response is your first responder in the event of an accident. You'll have peace of mind, knowing that you and your family are cared for and protected.

A built-in notification system is activated in the event of an impact involving your vehicle. Upon receiving the impact notification, we will make immediate contact to establish your required emergency assistance.

Should you be unable to respond, medical and towing assistance will be automatically dispatched to your location.

Tracker Response is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Connect Mobile App

TRACKER CONNECT MOBILE APP - Staying connected means staying safe

Our Tracker Connect Mobile App takes the protection we provide to its full potential.

All our services are linked to the app, so downloading it helps you take an active role in your care and protection at home, on roads and in life.

- Get instant access to a Trip Logbook.
- Report a stolen vehicle at the swipe of a finger.
- Monitor the safety of your vehicle from anywhere.
- Instant access for Care customers to roadside and medical emergency response.

Download the Tracker Connect Mobile App today:

HOW DOES TRACKER CAREGUARD WORK?

- Sign up to become a Tracker CareGuard subscriber by calling **011 594 4002**.
- Should you need emergency assistance, simply push the panic button on the app or dial **0860 444 244**.
- The closest responder to your location will be activated and accept your emergency request.
- The responder is then navigated directly to your location.
- The responder will also receive an instant profile of you with your identity and other relevant information, ensuring that they are able to identify you immediately.
- You will receive information, so that you can track and identify the responder via the app.
- We also provide control room backup that oversees all activations and can dispatch additional resources if required, such as SAPS or EMS.

Tracker Rescue

This product is brought to you by Tracker Financial Services (Pty) Ltd., an Authorised Financial Services Provider, FSP license number 42862 and underwritten by Guardrisk Insurance Company Ltd., an Authorised Financial Services Provider, FSP license number 75. Tracker Connect (Pty) Ltd. is a Juristic Representative of Tracker Financial Services (Pty) Ltd.

Lean on us with TRACKER RESCUE

Losing important personal belongings in a car theft, hijacking or accident can be stressful and inconvenient. Tracker Rescue helps make life easier during the unfortunate event of vehicle theft in these vulnerable times.

Tracker Rescue will provide you with:

- R3 000 in cash.
- A mobile phone and R300 airtime or R1 000 - the choice is yours.
- Trauma counselling for nominated occupants of the vehicle.
- A rental car for three days, delivered to you with the first tank of petrol on us and toll fees included. The vehicle will be delivered to an address of your choice and will include comprehensive insurance.

A Tracker Rescue emergency pack which includes:

- Contact numbers to assist you in blocking your stolen bank cards and blacklisting your stolen cell phone.
- Application forms to apply for your identity card, passport and driver's licence.
- The emergency pack will be delivered electronically where appropriate.
- No excess is payable.

WARRANTY - Care for your Tracker

All Tracker units are recognised by major insurers and motor manufacturers. Well-trained Tracker-authorised technicians install the small tracking device in your vehicle.

Our class-leading technology has been tested worldwide for Electromagnetic Compatibility (EMC) to ensure that our units will not interfere with a vehicle's management system and on-board computer.

The Tracker system is designed to require minimal maintenance. At the time of installation, the Tracker system is carefully tested to ensure that it is working properly. Even though you can see your unit is working, we continue to perform regular checks on the health of your Tracker unit.

Tracker takes care to the next level by proudly offering a warranty on all Care, Protect, Recover, Response and Motorcycle Protect devices for the full duration of your subscription with Tracker.
